

## Answer Key I Have Who Has

1. spring scale
  2. graduated cylinder
  3. stop watch
  4. calculator
  5. camera
  6. safety goggle
  7. meter stick
  8. anemometer
  9. thermometer
  10. microscope
  11. barometer
  12. hand lens
  13. balance
  14. telescope
  15. journal
  16. lab apron
  17. sound recorder
  18. magnet
  19. Petri dish
  20. compass
  21. collecting net
  22. hot plate
  23. spring scale
- back to beginning**

**SPRING SCALE**

**GRADUATED CYLINDER**

**STOP WATCH**

**CALCULATOR**

**CAMERA**

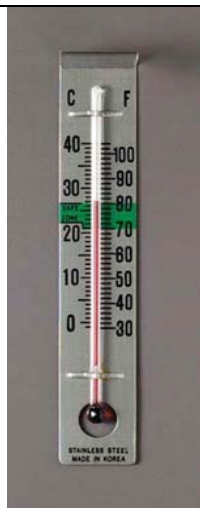

**SAFETY GOGGLES**

**METER STICK**

**ANEMOMETER**

**MICROSCOPE**

**THERMOMETER**

**BAROMETER**

**HAND LENS**

**DOUBLE PAN BALANCE**

**TRIPLE BEAM BALANCE**

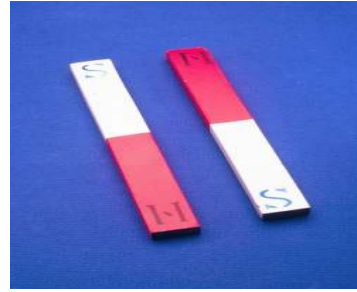

**TELESCOPE**

**SCIENCE JOURNAL**

**LAB APRON**

**MAG  
NET**

**SOUND RECORDER**

**PETRI DISH**

**COMPASS**

**COLLECTING NET**

**HOT PLATE**

*I have*  
a spring scale.

*Who has*  
an instrument used to  
measure liquids  
accurately?

*I have*  
a graduated cylinder

*Who has*  
a timing device used to  
measure time during an  
experiment?

*I have*  
a stop watch.

*Who has*  
an instrument that  
adds numbers quickly?

*I have*  
a calculator.

*Who has*  
equipment which records  
pictures of scientific  
experiments?

*I have*  
a camera.

*Who has*  
a protective eye wear  
that protects your eyes  
from splashes?

*I have*  
a safety goggle.

*Who has*  
a measuring device  
used to measure  
distance or length?

*I have*  
a meter stick.

*Who has*  
an instrument used to  
measure wind speed?

*I have*  
a anemometer.

*Who has*  
an instrument used to  
measure the temperature  
of air and liquids?

*I have*  
a thermometer.

*Who has*  
a tool that magnifies  
objects by increasing the  
power of magnification?

*I have*  
a microscope.

*Who has*  
an instrument that  
measures air  
pressure?

*I have*  
a barometer.

*Who has*  
a hand held tool that  
magnifies objects?

*I have*  
a hand lens.

*Who has*  
an instrument used to  
measure an object's  
mass?

*I have*  
a balance.

*Who has*  
an instrument used to  
observe distant  
objects with the eyes?

*I have*  
a telescope.

*Who has*  
a notebook or log used  
to record scientific  
data?

*I have*  
a journal.

*Who has*  
a garment worn over  
the clothing to protect  
from spills?

*I have*  
a lab apron.

*Who has*  
an instrument which  
records different bird  
calls?

*I have*  
a sound recorder.

*Who has*  
a piece of stone, ore  
or metal that has the  
power to attract iron  
or steel?

*I have*  
a magnet.

*Who has*  
a dish used for  
evaporation of a  
solution?

*I have*  
a Petri dish  
*Who has*  
an instrument that tells  
the direction one is going?

*I have*  
*Who has*

*I have*  
a compass.

*Who has*  
a tool used to collect or  
capture things?

*I have*  
a collecting net.

*Who has*  
an instrument used to  
heat liquids for scientific  
experiments?

*I have*  
a hot plate.

*Who has*  
an instrument used to  
measure the pull of gravity  
on an object?

*I have*

*Who has*
